INVITATION

Defining the role and future activities of our Association!

FACILITATED RETREAT BRAINSTORMING EVENT

Dear Members,

We, CGBA, are the first bilateral business association in Cyprus that invites its members to define the goals, role and future activities!

All members are invited to participate in our "FACILITATED RETREAT BRAINSTORMING EVENT". A brainstorming event is a tool to reveal the power of creativity of its participants. No judgement, no blaming, no laughter – all ideas are precious! All ideas will be filtered through several group sessions, and the result will be our Association's role, goals and future activities, defined by its members!

One of the key elements is that no idea will be judged, in order to encourage utmost creativity. Another key point is that the brainstorming sessions shall take place with minimum disturbance, thus being held at a remote location.

The FACILITATED RETREAT BRAINSTORMING EVENT will be facilitated by Mrs Muriel Matta (<http://www.maravilhosa.net/en/about-us/profile>), holder of a Master degree in Enterprise and Organizations Sociology and a very experienced brainstorming session facilitator.
